About GASP

The Georgia Association of Sleep Professionals is the leader in Georgia for setting standards and promoting excellence in sleep, medicine care, education, research, and public health by promoting awareness and advocating for sleep professionals across the state.

Purpose

The Georgia Association of Sleep Professionals serves its members and advances the field of sleep medicine care by: establishing an authoritative body to represent the concerns of Sleep Medicine professionals regarding statewide legislative actions and/or business practices that conflict with AASM/AAST standards. Also, GASP sets the standards of practice for our nationally recognized medical specialty in the state of Georgia, in addition to providing a forum for Sleep medicine professionals to foster relationships with one another in order to benefit continued learning and professional development. Ultimately, GASP provides a comprehensive forum of communication exchange for Sleep Medicine professionals in Georgia, while also providing marketing opportunities for Sleep Medicine professionals in Georgia.

Meeting Description

The Annual Meeting of GASP is a two day program designed for sleep professionals, physicians, and other health care providers. We strive to create a program that is educational and informative using both nationally renowned speakers as well as our own members.
